Explore the Benefits of CareAR

CareAR's AI/AR-powered platform allows service employees and customers to digitally and visually resolve issues.

| Customer Experience	Remote and Self-Solve Resolutions	Knowledge Transfer	Deflect Costly Dispatches	Higher First-Time Fix Rates	Integrated into the ServiceNow Platform

Measurable Results

Before CareAR

- **Increased** time to resolve through verbal troubleshooting
- **Unnecessary** onsite dispatch/CO2 emissions
- **More** labor hours for manual review in the installation process

After CareAR

- **Scalable** platform to expand self-solve to other customer installations
- **Reduced** travel costs and CO2 emissions
- **Fewer** hours spent on onsite installation
- **Automated** publishing of digitally updated installation guides
